
Transportation

You can call ahead to arrange for transportation to medical appointments and essential shopping. A volunteer will pick you up at your home in plenty of time to make it to your appointment. The driver will stay with you in most instances. You will be notified by the office regarding who will be picking you up and at what time. It is your responsibility to pay the driver directly as per the fee schedule included in this brochure. **Parking is not included**, and is also the responsibility of the client. This service is not meant to replace emergency services and requires three to five days notice in order to arrange the drive. Clients must be independently mobile. If you need to have someone accompany you, their passage is included in the cost.
